CARTRIDGE FACTORY EXPLOSION.

MANSLAUGHTER CHARGE FOLLOWS.

OWNER AND MANAGER BOTH ARRESTED.

LONDON, March 17.
A sensational sequel to the explosion in a cartridge factory at Tipton, Dudley, has been the arrest of the owner of the factory, John Walker Knowles, and the manager Eber Chadwick. They were remanded on bail on a charge of manslaughter of eighteen girls on the ground that they had not notified the existence of the factory to the Home Office. The eighteenth victim of the accident died in hospital to-day.

[A London cable dated March 7 stated: Thirteen girls have died and eleven are seriously injured as the result of an explosion in a cartridges factory at Tipton in Staffordshire. The victims were trapped in a blazing room and denuded of clothing by the force of the explosion. Some escaped to the yard with burning skin hanging from them. They were wrapped in sacks and sent to hospital. Some were unrecognisable.]

SERIOUS NAIROBI RIOTS.

AGITATORS' RELEASE SOUGHT.

FIFTEEN NATIVES KILLED.

NAIROBI, March 17.
Thousands of Kikuyus, marched to Nairobi demanding the release of a prominent native agitator who was arrested. Serious disturbances developed. Armed police were powerless to move the crowds who were stopping trams and forcing Europeans to alight and walk. Troops were summoned. They fired with rifles, killing twenty and wounding thirty natives.

LONDON, March 17.
The Colonial Office reports that fifteen natives were killed in the Nairobi rioting. There were no government casualties. The position is now orderly.

PRINCE KARACHI VISIT.

FAREWELL TO INDIA.

DEPARTURE ON TUESDAY.

THE PRINCE OF WALES CAMP, KARACHI, March 17.
The Prince of Wales arrived at Karachi to-day. He was received by the Governor of Bombay and the leading civil and military officials, also the ruling princes and chiefs who came here to say goodbye.

After inspecting a guard of honour provided by the second Yorkshire and Lancashire Regiment, the Prince received and replied to an address of welcome from the Karachi municipality. He said the King and Queen would be pleased to hear of the progress and expansion the city had made since their visit. He himself was pleased to see Karachi, which did fine work during the war. He had entered India by the oldest gateway and it was fitting that he should leave by the modern one. Karachi's expansion was the outcome of an engineering triumph and colonisation scheme. He was glad to be able to visit Karachi.

The Prince motored to Frere Hall where he presented the colours to the 126th Baluchis, and later on unveiled the Baluch war memorial. He received a tremendous ovation from the people who gathered to witness these functions.

GREAT SEND OFF.

LATER.

At six o'clock the Prince embarked in the "Comus" in Kiamari harbour, receiving a great send off. He proceeded into Karachi roads and there transferred to the "Behown" which left for Colombo where it is due to arrive on Tuesday.

SOUTH AFRICA. NORMAL.

RED LEADERS' SUICIDE.

DRAMATIC STRIKE HISTORY.

JOHANNESBURG, March 18.
Things are rapidly becoming normal. Already there has been a great rush for work and some mine managements have been inundated with applications for jobs.

It is officially stated that the Red leaders Fisher and Spendiff were found dead in the debris of the trades hall at Fordsburg. They had committed suicide, though the bodies had probably afterwards been hit by shrapnel.

Joe Thompson, president of the augmented federation executive has been arrested. The old industrial federation, has made a statement saying that the executive resisted all efforts for a general strike which was decided at the point of the revolver, the extremists not permitting the augmented executive to leave the room until a general strike had been declared.

RUBBER ESTATES' LOSS.

INSURANCE CLAIM GRANTED.

LONDON, March 17.
Mr. Justice Bailhache has given judgment for the Allagar Rubber Estates Limited against the National Benefit Assurance Company Limited and others on insurance policies on rubber shipped to London and destroyed by fire on November 1, 1920.

The defendants contended that there was unreasonable delay in disposing of the rubber.

The judge decided that the policy did not impose a time limit during which risk was covered, and that the delay in disposing of the rubber was not unreasonable in view of difficulties due to the fall of rubber prices in 1920.

INDIAN BUDGET ECONOMY.

ASSEMBLY CUTTING EXPENSES.

DELHI, March 18.
The Assembly after long discussion secured a reduction of 5 per cent. on the vote for the general administration covering all the central government departments. The Finance Minister did not oppose the motion.

SHIPBUILDING NEGOTIATIONS.

ANOTHER DEADLOCK REACHED.

LONDON, March 18.
The shipbuilding negotiations have broken down. The employers insisted on a ballot with a recommendation of acceptance of the terms. The workers' delegates agreed to a ballot but refused to be bound by stipulations, thus causing a deadlock.

DRAW RESULT.

NEW YORK, March 17.
For the Davis Cup, Argentina plays Australia, Canada France, Hawaii, Czechoslovakia, Spain, the Philippines, Romania, India, Italy and Japan. Eyes are turned to the British Isles.

10 YEARS' SUFFERER
from
ULCERATED LEGS.

Our portrait is of Mr. C. E. KNIGHT, of 56, Alford Road, Kaitiah,
New Zealand, N.Z. who writes:

"I have pleasure in writing to let
you know how I came to be rid
of my bad Ulcerated Legs from
which I suffered for 10 years, during
which I was unable to stand. For
four years ago I was sent to a
hospital, but was discharged. Lastly
I was recommended to try your
Clarke's Blood Mixture, and after
5 weeks' treatment it has healed
my legs wonderfully, especially com-
sidering the long time I have to be
standing. For any case like mine
I shall always be pleased to recom-
mend Clarke's Blood Mixture, as
I know what pain a bad leg gives—
you may use this testimonial to your
best advantage."

Sufferers from Bad Legs, Abscesses, Ulcers, Glandular Swell-
ings, Piles, Eczema, Boils, Pimples, Eruptions, Itch-
ing, Gout, should realize that Ulcers, abscesses, etc., can but give
temporary relief—no cure of complete and lasting benefit the blood must
be thoroughly cleansed of the impure waste matter, the true cause of such
troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels
the impurities, thus a way to many respectable recoveries stands to its credit.
Pleasant to take and free from mercurial ingredients. Of all Chemists and
Stores.

Ask for and see that you get
Clarke's Blood Mixture

STRIKE SETTLEMENT EFFORTS.

The Hongkong General Chamber of Commerce's fortnightly report states: Cotton piece goods and fancy cotton goods.—The termination of strikes brought about a welcome resumption of routine business and clearances have been on a liberal scale. Local rates for Greys and Whites are hopelessly below Manchester parities but some sales of Fancies are reported on satisfactory terms.

Manchester reports a considerable enquiry for India and that prices are advancing.

Cotton Yarn.—A quiet fortnight has elapsed as dealers are waiting for conditions and prices to become more stabilized. Latterly values ruled easier owing to a few pressed sales. Manufacturing centres, however, are very steady to firm.

Quotations are:—No. 10s \$158.192, No. 12s \$173.200, No. 16s \$195.225, No. 20s \$200.225. Arrivals nil. Shipments nil. Sales 1,000 bales. Unsold 4,500 bales. Bargains 9,000 bales.

Woolens.—No fresh business of importance has been booked, the low exchange putting prices further out. Clearances are better but considerable stocks will have to be carried to next season.

Raw Cottons.—No fresh business has been recorded. Values are nominally unaltered as follows:—Indian descriptions at \$23.29. Chinese descriptions at \$28.35 per picul.

Metals.—Market remains quiet. Small business has been done in M. S. Bars at \$5.25 to \$5.40. There has also been some business in Nails. There has been a fair quantity of metals overcarried, but it should not take long to get these parcels cleared, as soon as these goods are returned.

Yellow Metal.—Nominal. Nil.

Flour Market Report.

Stock—About 2,000,000 sacks.

Quotations: American Patent \$3.80 per sack, American Straight \$3.10 per sack, American Cut-off \$3.15 per sack, Shanghai Flour \$3.25 per sack, Australian No. 1 \$3.20 per sack.

Petroleum Products.—No change.

Sundries.—In anticipation of heavy arrivals, the market is inclined to be weakish although stock-holders have not shown any eagerness to sell under the quotations. It is rumoured that a large quantity of glass destined for Hongkong has been over-carried to Shanghai on account of the strike at this port.

Coals—ex Godown.

Rice.—No quotations to be had.

Java Sugar.—To arrive during May, June and July, 1932.

Philippine Sugar.—Market quiet.

Saltpetre.—Stocks 3,000, 4,000, 300.

Fair demand and steady.

Living costs in Tokyo, highest of any city in the world, are the real cause of the closing of the Rumanian Legation there this month, according to the *Hochi*. The Rumanian Minister, the First Secretary and Military Attache have received instructions to close the Legation temporarily and are making preparations to sail for home within the next few weeks. According to the newspapers, the appropriation for the maintenance of a Legation in Tokyo felt justified by Rumania has not proved sufficient to meet present price levels.

CHILDREN'S CORNER.

THE CELANDINE.

Joyce and her mother were wander-
 ing along one of the English country
 lanes in the spring-time when, turning
 a corner, they came upon a patch of
 bright yellow flowers on the grass.
 "Oh Mother how pretty!" cried
 Joyce. "What are they?"
 "Yes, are they not dear little
 flowers," said her mother. "They are
 called celandine and are amongst the
 first ones to come out."
 "I almost thought that they
 were buttercups," Joyce said. "But
 I know that they come out later.
 Isn't this a pretty bud? It looks
 purple before it opens."
 "They are always like that," her
 mother told her. "And then when
 they open you will see that they are
 bright yellow inside and so glossy
 that they look almost as if they were
 wet. The leaves are shiny too and
 something like violet leaves, each on
 its own stalk."

"Why is it called celandine?"
 asked Joyce, who was still looking at
 the little flower with much interest.
 "You do ask a lot of questions,"
 said her mother. "And I am sure
 that I cannot tell you why all the
 flowers are so called. But this one I
 do happen to know. It ought really
 to be the chelidion."
 "But that does not tell me why
 it is called that," complained Joyce.
 "Wait a minute and you shall
 hear," went on her mother.
 "You are in too much of a hurry."
 Chelidion is the Latin and Greek word
 for a swallow and at one time it was
 supposed that the swallows used this
 little flower to cure blindness in their
 young. Can you imagine the mother
 swallow rubbing the eyes of the baby
 birds with this bright little flower?"
 "I should have liked to have seen
 them," said Joyce. "And now Mother
 can you tell me why the daisy and the
 violet and the buttercup and....."
 "Stop, stop," cried her mother
 laughing. "one at a time please and
 anyway here we are at home again so
 I am going to have some tea before I
 answer any more questions."

THE GAME OF GENERAL **KNOWLEDGE.**

Here is a simple home made game.
 Take a piece of paper and draw a
 fairly big circle on it. Cut this out and
 paste it on to a cardboard.
 Now divide this up into divisions
 like a cartwheel and in each space
 write a question, such as "Who wrote
 Robinson Crusoe?" or "Where are
 the Caucasus Mountains?" or "How
 many legs has a caterpillar?" Of
 course you must know all the answers
 and it is best to make a list of them.
 Get a small tectotum too.
 Then all the players sit round a
 table with the board in the middle
 and the one who spins the tectotum
 has to answer the question at which
 it stops. If he cannot do so after ten
 had been counted the one on his left
 hand may answer it and so on until
 someone has given the correct answer.
 (There should be an umpire who keeps
 the answers and counts ten).
 The tectotum is spun by all in turn
 and the one who first answers twenty
 questions correctly is the winner.

FAIRY SKIPPING ROPES.

Fairy skipping ropes are green,
 Very very long and fine,
 Twisty turny little ropes,
 Not at all like yours or mine.

My Daddy calls them tendrils
 And he says they grow on trees.
 The fairies all learn skipping,
 And the insects and the bees.

And often in an evening
 If you creep into the wood,
 You'll see them skipping, skipping
 But only if you're good.

PRINCE'S VISIT.

HONGKONG PROGRAMME ANNOUNCED.

Mr. Eric Rice, Secretary of the Prince's Visit Committee states that the following programme has been approved by the Prince:

April 6.—H.M.S. "Renown" anchors in the harbour at about 7 a.m. H. E. the Governor goes on board the "Renown" at 9.30 a.m., to pay his official call.

When the "Renown" arrives a display of daylight fireworks will be given by the Japanese community.

A little before 10 a.m., H.R.H. will come ashore in his barge. He will land at Blake Pier at 10 a.m., and will inspect a guard of honour, which will probably be provided by the Navy.

The Prince then proceeds to the Pavilion along a route lined with troops—Naval and Military—in a specially designed chair decorated with his feathers and borne by eight coolies dressed in government red and white uniforms.

The Prince will be received by H.E. the Governor at the Pavilion where addresses will be presented as follows:—

On behalf of the entire British community of Hongkong, by the Hon. Sir Paul Chater, C.M.G., as Chairman of the Reception Committee.

On behalf of the entire Chinese community of Hongkong, by the Hon. Mr. Lau Chin-pak.

On behalf of Shanghai and the Treaty Ports, by representatives from Shanghai.

On behalf of the Foreign communities of Hongkong, by Mr. W. H. Gale, Dean of the Consular Corps.

The Prince replies to the addresses.

At the conclusion of the ceremony which will be witnessed by a large and representative gathering, the Prince will re-mount his chair, and accompanied by H. E. the Governor will proceed through Chater Road, down Pedder Street, along Queen's Road and up Garden Road to Government House.

At Government House the Prince will inspect boy scouts and girl guides.

The Prince lunches at Government House at 1 p.m.

At 2.30 p.m. he receives all ex-servicemen and officers of the Mercantile Marine at Government House.

He proceeds by motor car to Causeway Bay at 4.30 p.m., to play polo (weather permitting).

An official banquet takes place at Government House at 8 p.m.

The Prince motors to Blake Pier at 9.30 p.m., and boards the "Stanley" to view the harbour. In addition to the illumination with lanterns and electrically lighted signs, there will be a special display of fireworks from the water by the Japanese community.

Returning ashore, the Prince will proceed to Statue Square. He will witness the Chinese flag procession and the fireworks from a special stand.

The Prince sleeps at Government House.

SECOND DAY.

The Prince drives round the Island and visits the Peak in the morning (weather permitting).

He arrives at the Cricket Ground at 11.30 a.m., where the school children will be assembled, in accordance with the Prince's specially expressed wish. The Prince will then walk down their ranks to the Pavilion where at 11.45 a.m. he will receive an honorary University degree in the course of a short but fully ceremonial congregation.

He then proceeds to lay the foundation stone of St. Stephen's Girls' College. He will receive a short address from Archdeacon Barnett. A pupil will present the Chinese version of the address.

The Prince will then receive a masonic address.

Sir Paul Chater will ask the Prince's permission to present the Colony with a statue of His Royal Highness to be erected with those of the other members of the Royal Family in Statue Square.

The Prince then proceeds on board the "Alacrity" where he has lunch with the Admiral.

In the afternoon a race meeting will be held at Happy Valley.

In the evening the Prince attends a Chinese banquet at the Tai Ping Theatre which will be specially decorated.

About 200 Chinese guests will be present.

At 5.30 p.m. the Prince attends the ball given by the entire Hongkong community in the Pavilion.

The Prince and his Staff will go on board the "Renown" that night in order to depart at 7 o'clock the following morning. His departure will be unofficial.

It is hoped that in the course of the two days an opportunity will be found for the Prince to visit the Peak by tram in accordance with his own special wish. He is prepared to sacrifice the drive round the Island to go to the Peak if necessary.

The Hongkong Automobile Association has offered to place a number of cars at the disposal of the Prince and Staff during their stay in Hongkong.

THE STAFF.

The Prince will be accompanied by the following members of his staff:—

Vice-Admiral Sir Lionel Halsey (Comptroller).

Brigadier-General C. R. Woodroffe (Military Secretary).

Sir Godfrey Thomas, Bart. (Private Secretary).

Capt. Dudley North, R.N., (Extra Equerry).

Capt. the Hon. Piers Legh (Equerry).

Lieut. the Hon. Bruce A. A. Ogilvy (Equerry).

Capt. E. D. Metcalfe, M.C., (Extra A.D.C.).

Lieut. Lord Louis of Mountbatten, R.N. (A.D.C.).

Surgeon-Commander A. G. Newport, R.N. (Medical Officer).

The staff will be accommodated during the Prince's stay in the Colony at Government House, and Bank House by invitation of the Hon. Mr. A. G. Stephen.

PRESS CORRESPONDENTS.

The following press correspondents are included in the Prince's suite:—

Mr. Percival Landon (representing the Daily Telegraph), Sir Percival Phillips (Daily Express), Sir Herbert Russell (Reuter's), Mr. W. Fair (official photographer, Central News Agency), and probably a cinematograph operator representing the Admiralty.

JAPANESE SQUADRON COMING.

A message has been received from the Ambassador at Tokyo saying the Japanese Government is despatching the third squadron, consisting of four Japanese cruisers, to greet H.R.H. on arrival in Hongkong and to act as an escort to H.M.S. "Renown" on the way to Japan.

CHINESE PROGRAMME.

The Chinese programme will be the same as originally announced excepting that the proposed engagement of the Chinese lion dance celebrity Mui Lan-fong and his troupe of 100 actors from Shanghai, to perform during the banquet and for 20 nights afterwards at a remuneration of \$50,000, was cancelled during the strike owing to the then uncertainty of the Company being able to make the trip here, and the Wan Kow Lok Company engaged instead to play on the night of the banquet only, at a much more moderate sum.

About \$15,000 has been allocated by the Committee for the banquet and the present to the Prince which will take the form of an address of about 500 Chinese characters beautifully embroidered on a piece of best Chinese silk, in a handsome case. This it is estimated will cost \$2,000.

The Prince will also be presented with an English translation of the address in a small casket. The catering for the banquet will be undertaken by four of the leading Sheklongchui Hotels.

RACE MEETING.

The race meeting in honour of the Prince of Wales is announced by the Hongkong Jockey Club to take place at the Racecourse, Happy Valley, on April 7. The meeting will rank as a Gymkhana meeting as far as all penalties and allowances are concerned for races held by the Jockey Club. The first race is scheduled to start at 2.30 p.m. Admission to the Jockey Club enclosure will be \$5, tickets at Kelly and Walsh and at the gate. Ladies will be admitted free, and soldiers and sailors in uniform at \$1 each. Programmes may be had from Messrs Noronha and Co., or on the course at \$1 each. The proceeds of the sale of tickets and programmes will be devoted to the fund for the proposed New Nunsing Home.

An interesting match in the open championship doubles was witnessed between the Valentine brothers and the Kofger brothers. The pairs were well matched and the struggle was keen throughout. BILLIARDS.

CHAMPIONSHIP TOURNAMENT.

At the Victoria Recreation Club last night, R.F. da Luz and S.C. Kwok played a very close game which resulted in a win for Luz by 500-474.

The game was keenly contested throughout, and with both men securing a momentary advantage, the result was in doubt to the very end.

Luz's highest breaks were 45, 43, 27, (twice) and 26. Kwok made breaks of 45, 40, 35, 29, and 24.

On Monday evening Ng Bze Kong will meet P.A. Yvanovich (ex champion) when a very interesting exhibition of high grade billiards is assured. There will be no play to-night.

THE QUANTS.

Returning after a highly successful tour from the north The Quants will make a welcome re-appearance for a short season starting on Friday March 24.

During the season these new programmes will be presented amongst which the opening one "A Pedlar of Dreams," from the Vaudeville theatre London, is unique and distinctly amusing. "The Village Concert" another humorous skit will also be presented.

Booking opens at Montie & Co. on Monday the 20th.

A FAMILY NECESSITY.

EVERY family should be provided with Chamberlain's Pain Balm at all times. Sprains may be cured in much less time when promptly treated. Lane back, lame shoulder, pains in the side and chest and rheumatic pains are some of the diseases for which it is especially valuable. Try this balm and become acquainted with its qualities and you will never wish to be without it. For sale by all Chemists and Storekeepers.

FOR THE BLIND.

MONDAY'S EFFORT AT KOWLOON.

The people of St. Andrew's Church are working hard to ensure the success of the "day of help" which they are holding on Monday, March 20, in aid of the St. Dunstan's home for blinded soldiers and the Mission Hospital at Yunnanfu. The proceeds will be divided equally between the two institutions whose undoubted worthiness should make it unnecessary to recommend Monday's effort to the generosity of the public.

From a glance at the programme it appears that a "day of help" is really only a euphemism for a bazaar. But it sounds better and expresses the primary purpose of the function much more gently. Anyway, there are to be at least half a dozen stalls offering for sale household requisites, needle work, fruit and produce, sweets and articles for the use of gentlemen.

During the afternoon there will be Indian scenes and an entertainment at which a choir of young people's voices, helped by adults, will sing missionary songs. More Indian scenes at night and then from 10 p.m. onwards special cinematograph pictures showing views of West Africa, Sarawak, Tunis and Lapland.

Other promised allurements which will be found, the programme says, in the main hall are a Bedouin tent, a missionary court (showing girls from the Kowloon City Blind Home at work) and a Moroccan Harem.

Lady Stubbs will open the proceedings at 2.30 p.m. on Monday and the G. O. C. (Major General Sir John Fowler) will preside.

STELLAR DISTANCES.

ELLIPSOIDAL THEORY OF THE UNIVERSE DISCUSSED BY EXPERTS.

At a recent meeting of the Royal Astronomical Society at Burlington House Dr. Jeans gave a summary of two papers dealing with the motion of the stars as a whole.

A paper read before the British Association at Edinburgh Professor Kapteyn, of Groningen, extended his ellipsoidal theory of the universe, which was originally based on the assumption that the solar system was in the centre of the galaxy, and by comparing his curves with actual observations came to the conclusion that the sun's distance from the centre is at least 600 parsecs (a parsec being nearly three light years). He considered that it could not be more than 700 parsecs. So he adopted 650 as a probable value. Dr. Jeans, finding that at least one of Kapteyn's assumptions was not only unnecessary but inaccurate and led to con-

tradictory results, repeated the investigation without making the assumption and found an unaccounted distance of 1,090 parsecs, but by applying a correction which was unexpectedly large, reduced this to about 700 parsecs. In the course of further analysis he came to the conclusion that Charlier's B type stars form a moving cluster independent of the two streams that include most of the stars, and that there are probably three times as many dark stars as bright ones.

TRADE WITH CHINA.

BRITAIN AND THE OPEN DOOR.

In the course of a letter to the Press Mr. J. Ellis Barker states that the opportunities offered by China are, indeed, almost infinite. That country has between 400,000,000 and 500,000,000 inhabitants. It has, perhaps, the most fruitful soil in the world. It has, according to the most conservative estimates, 12 times as much coal as India and 120 times as much coal as Japan. It has a large number of excellent harbours, and one of the most wonderful inland waterway systems in the world. If Chinese foreign trade per head of population were only one-tenth as large as foreign trade per head in England, the total exports and imports of the United Kingdom. That event is by no means impossible. In a few decades the foreign trade of China may equal, and may exceed, the foreign trade of this country or that of the United States. For Chinese production exports, can be increased almost indefinitely by introducing modern methods. The vast increase of exports would make a similar increase in imports possible. The one must go hand in hand with the other.

China is a world in itself. Every section of China has commercial customs, financial arrangements, weights, measures, coins, dialects, etc., of its own. No European can hope to master these mysteries. In the British-Chinese trade, the most promising in the world, some kind of Anglo-Chinese co-operation is absolutely essential. That co-operation has hitherto been ensured by means of the compradore, who has been indispensable. However, his monopoly is waning. The Chinese business men do not wish to have to deal exclusively through one of the great foreign firms at the ports, but desire to do business directly with the foreign principals. That desire is becoming steadily stronger, and in order to meet it, American and German firms and individual business men have concluded partnerships with Chinese business men. There are now numerous Chinese-American, Chinese-German, Chinese-French mercantile houses, factories, banks, shipping firms, etc. That is a most promising development of which English business men should take advantage to a greater extent than they have done hitherto.

A very noteworthy movement for bringing British and Chinese business men into direct contact has arisen by the initiative of prominent Chinese traders. They have created an organization, the Sino-British Trade Association, which aims at acting as a link between Chinese and British business men and as a common intelligence department. Among its Chinese supporters are some of the Chinese who are most prominent commercially, financially, administratively, and socially, such as Sir Robert Ho Tung, the Hon. Mr. Lau Chu Pak, and the Hon. Mr. Ho Fook, all three of Hongkong; the Hon. Mr. Song Ong Siang, and the Hon. Mr. Lee Choo Guan, of Singapore, and various others. Its English representatives are Mr. D. Halliday Macartney, the son of the late adviser to the Chinese Government, and Mr. L. E. Haynes, who acts as organizing secretary.

HONGKONG FIRE INSURANCE CO. LTD.

We are officially informed, that subject to audit, the General Managers and Consulting Committee of the Hongkong Fire Insurance Co., Ltd., will recommend at the forthcoming meeting of shareholders to be held on 31st instant, the payment out of the profits for the year 1920 of a dividend of \$30.00 per share also being \$240.00; and to pass \$28,014-13-2 1/2 ex 2-7 = \$294,307.02 to credit of Reserve Fund; carrying forward \$501,039.11 in respect of the year 1921.

According to Japanese native papers, the officials of the Yokohama Dockyard Co., have decided to slay hunger on their side and to wait until the pinch of want drives the workmen back to their jobs. The officials seem confident that it will come about before long. The strikers are selling bread and groceries to raise strike funds and are able to carry on the struggle for at least six months. Even for the first few days of the strike the losses of the Company were estimated at ¥500,000. All the repair work in the docks has been entrusted to other companies, with the exception of that on the Kaga and the Kamo, which is almost complete.
